

DIESEL TECHNOLOGY AND CDL TRAINING PROGRAM

Train for a new career in diesel technology at little or no cost to you!

Discover Goodwill is excited to continue our **Diesel Technology and CDL Training Program** beginning May 8, 2018 through November 3. Classes are conducted two evenings a week and every other Saturday for your convenience. DOT physical, drug test and background check are required.

In partnership with **Pikes Peak Community College** and the **US Truck Driving School**, we are offering:

- Hands-on academic instruction and job-related training working on Discover Goodwill's fleet vehicles
- Two certificates earned upon completion, including Diesel Lube Technician and Diesel Fleet Maintenance Technician
- CDL Training
- Job placement with employers ready to hire!

For more information, please contact Miriam Yost at 719.381.9463.
