

Elevate your IT workforce at no cost through Discover Goodwill!

Discover Goodwill offers Security+ Training for those seeking to increase their skills in the information technology (IT) field by obtaining cyber security certification.

- This comprehensive training program will give participants the required knowledge to pass the CompTIA Security+ Certification—combining online and in-person coursework
- Training is fully funded through granting agencies and geared towards IT professionals who have networking and administrative skills
- Customized training is available to employers enrolling multiple employees and flexible study hours are available- including daytime, evenings and weekends

Additional Program Benefits

- Live Facilitator Support and Case Management
- Paid Voucher for Certification Exam
- Practice Quizzes and Online Learning Materials
- Hands-on Learning Workshops
- Soft Skills and Customer Service Training
- Businesses invited to participate on a Business Advisory Council
- Additional IT Training available including A+ and Network+ through a separate training program
