

## I'm a military retiree – what are my dental benefits?

As you may know, the TRICARE Retiree Dental Program (TRDP) will end on December 31, 2018. Current TRDP enrollees will have an opportunity to enroll in the Federal Employees Dental and Vision Insurance Program (FEDVIP), with coverage effective January 1, 2019. FEDVIP offers benefits similar to the TRDP and a choice of carriers and plan options. You'll have the ability to select from a variety of national and regional dental carriers, including United Concordia Dental. United Concordia Dental has proudly served the military community for more than 20 years and looks forward to welcoming military retirees to our FEDVIP program.

## So, what is FEDVIP?

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is a voluntary, enrollee-pay-all dental program that offers eligible participants a choice between ten dental carriers, with some plans offering both high and standard options. Enrollee-pay-all means there are no government contributions toward premiums.

## When should I enroll to ensure coverage in 2019?

Federal Benefits Open Season runs from November 12 through midnight EST on December 10, 2018, during which time you can make your plan selection. If you already are enrolled in FEDVIP, you do not need to re-enroll unless you wish to change plans or plan options; your coverage will continue from the previous year.

**Note:** The TRICARE Retiree Dental Program (TRDP) ends December 31, 2018. Individuals and families enrolled in that plan must enroll in a FEDVIP plan to continue receiving dental coverage.

- FEDVIP benefits and rates for 2019 will be available in October.
- FEDVIP coverage selected during this fall's open season will become effective on January 1, 2019.
