

VA Video Connect

Connect with Your VA Care Team Over Live Video

Talk with your VA care provider about using the VA Video Connect app, enabling you to conduct live video visits with them by using the camera and microphone on your phone, computer, or tablet.

The app makes it easy to interact with your care team if:

-  You live far away from your VA facility.
-  You're dealing with health conditions that make it difficult to travel to the specialist you need.
-  You have a few minor questions for your doctor that can be answered over live video.
-  You don't have time to attend an in-person appointment.
-  A hands-on physical examination is not required.

Rocky Mountain Regional VA
