America has a serious shortage of Diesel Technicians. With so many commercial trucks and heavy equipment out there, there just aren't enough technicians to keep up. If you are good with your hands and have an interest in how things work, you could have an amazing career as a Diesel Technician. With our program, service members can use their GI Bill to complete a 5-week Diesel Technician training program.

Interested service members can apply NOW by clicking [HERE](#) or by visiting [psgjobs.com](http://psgjobs.com)
