

University of Colorado
Anschutz Medical Campus

WILL YOU HELP EDUCATE COLORADO'S FUTURE PHYSICIANS?

Consider being interviewed for 30 minutes by 8-9 medical students and two medical school faculty members if you have been diagnosed and treated for

PTSD

Interview will be via Zoom meeting Wednesday, August 12, 10:30 am-noon.

You will need to sign up via email with Sharon Campbell, Sharon.campbell@cuanschutz.edu

- You have nothing to prepare.
- You will provide future physicians the experience of interviewing real patients.
- You will provide knowledge in 30 minutes that students can't obtain from text books.
- You will have a feeling of accomplishment knowing you have participated in the teaching of our future MD's.

THANK YOU!

** While the interview will only take 30 minutes, there is a waiting period of about 10-15 minutes to place you in the student group that will interview you.*
