

Military Cultural

Competency Training: *An Equine Experience*

Are you a healthcare professional or part of an organization that works with active duty service members, veterans, or their families, or would like to?

Are you concerned about managing risk in this community?

Do you want to better understand the strengths and vulnerabilities of this diverse community, and how working with horses can provide a deeper understanding of the dynamics of military and veteran culture?

Learn from industry experts about topics such as:

- *Basic Military culture*
- *Warrior Ethos, Moral Injury, Transition Stress,*
- *Posttraumatic Growth (PTG)*
- *Equine exercises to reinforce actionable items*
- *Local and National resources*
- *...and additional topics relevant to the Military and Veteran family community.*

SEPTEMBER & OCTOBER
