TAKING ACTION TO SERVE  
AMERICA'S MILITARY  
FAMILIES

## **TAKING ACTION TO SERVE AMERICA'S MILITARY FAMILIES**

Joining Community Forces is an entity of the Colorado National Guard Family Program Office

Joining Community Forces is a voluntary military and community cooperative partnership organized to allow service providers to engage in a multi-service networking to assist with connecting Service Members and Families to local military or community resources.

### **MISSION**

The mission of JCF is to maximize the impact of civilian and military resources to Service Members, Families, and Veterans in order to build resilience and foster a community network that is both sustainable and relevant.

### **VISION**

JCF's vision is to present a single entry point for resources and service providers interested in collaborating with other national and local civic-minded entities in support of Veterans, Military Members, and their Families (VMFs) in their communities.

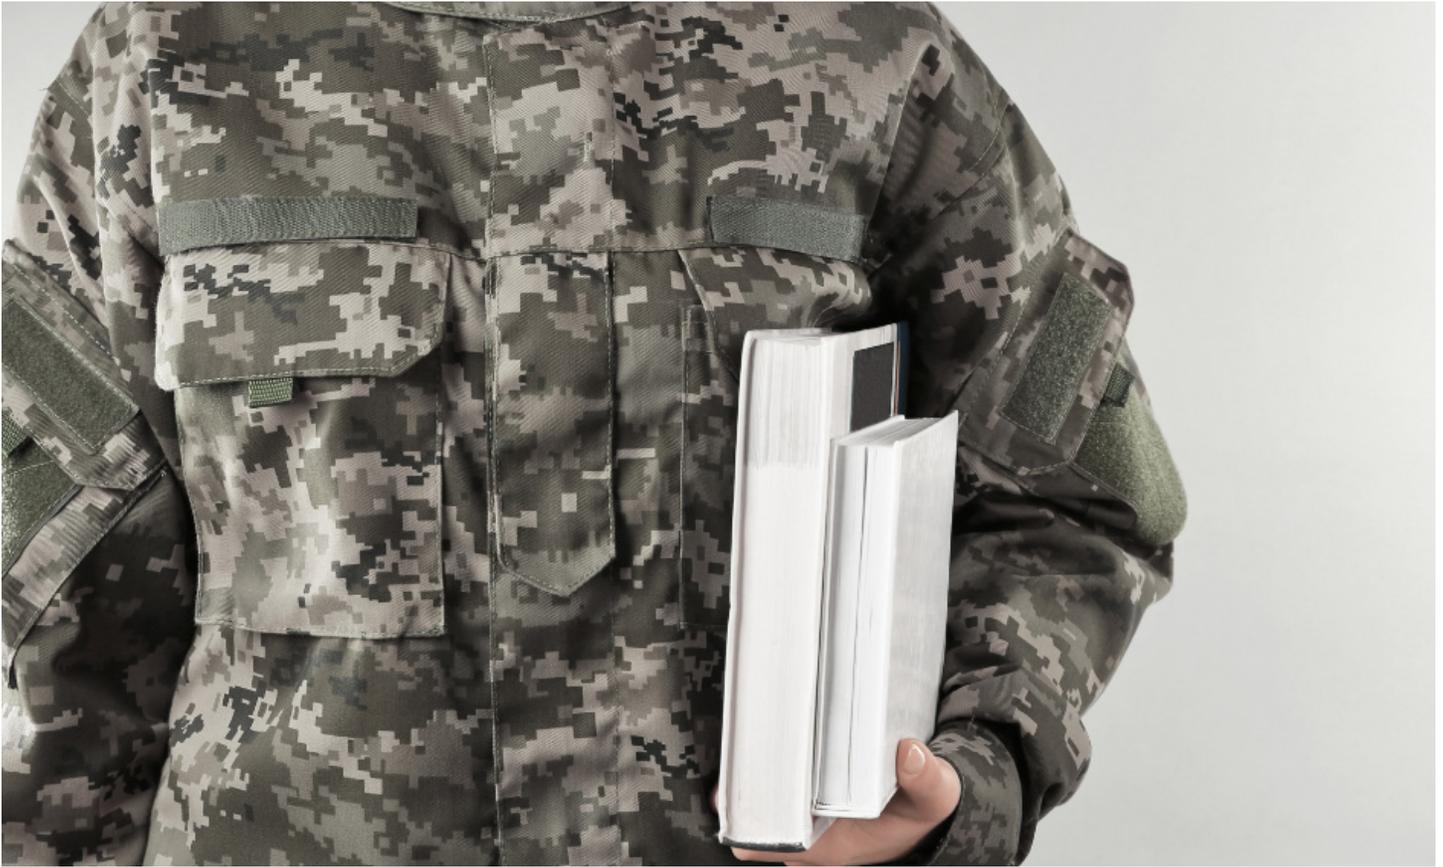

### **END STATE**

Ultimately, Joining Community Forces endeavors to strengthen preexisting ISFACs (Inter-Service Family Assistance Centers) across the United States through a comprehensive strategic communications plan that leverages state-generated content, best practices, and the training materials to raise public JCF collaboration and promote the initiative among prospective partner agencies and organizations. Additionally, the JCF initiative's mission includes guiding and informing community leaders and local commanders across America on how to establish and sustain collaborative community, state, and regional JCF teams. By building community capacity from the ground up, JCF will enable proactive and effective assistance right where Veterans, Service Members, and their families live.

## Education Tuition Assistance

### POST 9/11 GI BILL

The Post 9/11 GI Bill provides financial support for education and housing to honorably discharged veterans with at least 90 days of aggregate service on Title 10 Active Duty or Title 32 Active Guard Reserve Duty after September 10, 2001, or individuals discharged with a service-connected disability after 30 days. The Post 9/11 GI Bill will pay eligible individuals full tuition and fees directly to the school for all public school in-state students, attending classes at a greater than part-time rate. A Monthly Housing Allowance (MHA) based on the Basic Allowance for Housing (BAH) for an E-5 with dependents is also provided. Distance learning enrollee's housing allowance is equal to half the national average BAH for an E-5 with dependents. An annual books and supplies stipend is paid proportionately based on years of active duty service.

# American Red Cross Message Process

## (877)-272-7337

When a military family experiences a crisis, the American Red Cross is there to help. Wherever their military service takes them, service members can rest assured that the Red Cross will deliver notification of an emergency such as the death or serious illness of an immediate family member, as well as the good news of the birth of a service member's child or grandchild.

Twenty-four hours a day, 365 days a year, the Red Cross relays urgent messages containing accurate, factual, complete and verified descriptions of the emergency to service members stationed anywhere in the world, including on ships at sea and at embassies and remote locations.

Even if the service member receives an email or phone call from home, Red Cross-verified information assists the member and his/her commanding officers with making a decision regarding emergency leave.

When initiating Red Cross message be prepared to provide as much of the following information about the service member as is known:

- Full legal name
- Rank/rating
- Branch of service (Army, Navy, Air Force, Marines, Coast Guard)
- Social Security number
- Date of birth
- Military unit address
- Nature of the emergency
- Where the emergency can be verified( hospital, doctors, office, funeral home)
- Name of contact for immediate family member experiencing the emergency

EMPLOYMENT RESOURCES

## **Eligibility for Veteran Readiness and Employment**

Learn about eligibility requirements for Veteran Readiness and Employment (VR&E)—formerly called Vocational Rehabilitation and Employment. If you're a service member or Veteran and have a disability that was caused—or made worse—by your active-duty service and that limits your ability to work or prevents you from working, you may be able to get employment support or services to help you live as independently as possible.

### **If I'm a Veteran, am I eligible for Veteran Readiness and Employment?**

You're eligible to apply for VR&E benefits and services if you meet both of the requirements listed here: All of these must be true:

- You didn't receive a dishonorable discharge, and
- You have a service-connected disability rating of at least 10% from VA

When we receive your VR&E application, we'll schedule your initial evaluation with a Vocational Rehabilitation Counselor (VRC). The VRC will determine if you're entitled to receive VR&E benefits and services.

If you were discharged from active duty before January 1, 2013, your basic period of eligibility ends 12 years from one of these dates, whichever comes later:

- The date you received notice of your date of separation from active duty, or
- The date you received your first VA service-connected disability rating

The basic period of eligibility may be extended if a VRC finds that you have a serious employment handicap (SEH). Having an SEH means your service-connected disability significantly limits your ability to prepare for, obtain, and maintain suitable employment (a job that doesn't make your disability worse, is stable, and matches your abilities, aptitudes, and interests).

If you were discharged from active duty on or after January 1, 2013, the 12-year basic period of eligibility doesn't apply to you. There's no time limit on your eligibility.

If I'm still on active duty, am I eligible for Veteran Readiness and Employment?

You may be eligible for VR&E benefits and services if you're a service member and you meet at least one of the requirements listed below.

At least one of these must be true:

- You have a 20% or higher pre-discharge disability rating (memorandum rating) and will soon leave the military, or
- You're waiting to be discharged because of a severe illness or injury that occurred while you were on active duty

Note: Severely injured active-duty service members can automatically receive VR&E benefits before VA issues a disability rating. This is according to Sec. 1631(b) of the National Defense Authorization Act (PL 110-181).

Benefits Delivery at Discharge (BDD): If you have an illness or injury that you believe was caused—or made worse—by your active-duty service, you can file a claim for disability benefits through the BDD program 180 to 90 days before you leave active duty. This may help speed up the claim decision process so you can get your benefits sooner.

Colorado Springs CO 80920

The Regis Centers for Counseling and Family Therapy have been set up to provide low to no-cost counseling

services for our surrounding communities. Master's Level therapists-in-training will meet with you once per week for an average of 14 weeks per semester. You will have a consistent counselor over those 14 weeks, and your appointment will be at the same time each week. Many students are Veterans or Spouses and/or have advanced training in our Counseling Military Families Certificate program. We do ask that those receiving therapy agree to be video recorded, as this provides real-time feedback for the therapist to evaluate their skills along with their supervisor. You can look forward to an authentic and growth-oriented relationship with your therapist, as well as to the development of your own base of life-skills derived from the latest research and best practices offered in the field.

**Eligibility:** Individual, family, couple, and children/adolescent outpatient mental health counseling services provided for any discharge status, any era, and any affiliation (Active/Guard/Reserve/Veteran).

## Veteran Medicare Resources

### What Every Medicare Eligible Veteran Should Know

#### 1. When are Veterans Medicare Eligible?

Generally, when they turn 65 or are under 65 and entitled to Social Security disability benefits for 24 months.

2. Enroll in Medicare when Medicare Eligible. Not enrolling may result in a financial penalty.

3. Veterans have PAID INTO and are ENTITLED to all the benefits of the Medicare system.

4. Enrolling in Original Medicare, a Medicare Advantage Plan, or a Prescription Drug Plan does not affect entitlement or eligibility to Veteran Benefits or TRICARE For Life.

5. Medicare Eligible Veterans who are not TRICARE for Life or enrolled in the VA Health Care System need a prescription drug plan. Failure to do so may result in a financial penalty.

6. For free assistance in determining the best option or to have questions answered, contact Rich Lewis, 719-339-1835.

### VA Health Benefits and Medicare

VA benefits and Medicare do not work together to coordinate your care. The VA recommends that you enroll in Medicare Part B as soon as you are eligible. Failure to do so will result in a Part B premium penalty when you enroll at a later date. Having both VA and Medicare gives Veterans options and control of their health care. VETS.GOV states:

- We don't know if Congress will provide enough funding in future years for us to provide care for all Veterans who are signed up for VA health care. If you're in one of the lower priority groups, you could lose your VA health care benefits in the future.

- Having Medicare means you're covered if you need to go to a non-VA hospital or doctor—so you have more options to choose from.

- If you delay signing up for Medicare Part B (coverage for doctors and outpatient services) and then need to sign up later because you lose your VA health care benefits or need more choice in care options, you'll pay a penalty. This penalty gets bigger each year you delay signing up—and you'll pay it every year for the rest of your life.

- If you sign up for Medicare Part D (coverage for prescription drugs), you'll be able to use it to get medicine from non-VA doctors and fill your prescriptions at your local pharmacy instead of through the VA mail-order service. But you should know that VA prescription drug coverage is better than Medicare coverage—and there's no penalty for delaying Medicare Part D.

# Veteran Suicide Resources

## Facts about Veteran Suicide

- 18% of all deaths by suicide among U.S. Adults were Veterans.
- There were more than 6,000 Veteran suicides each year from 2008 to 2016.
- In 2016, the suicide rate was 1.5 times greater for Veterans than non-Veteran adults, after adjusting for age & gender.
- 17 Veterans die by suicide each day, 5 active duty each day (total of 22 per day). This highlights the importance of collaboration between DOD, VA, and community partners. "It takes a village."
- 25% of Veteran suicides have a history of previous suicide attempts.
- Veterans are more likely than the general public to use firearms (the most lethal means) for suicide.
- Specific higher risk groups: Younger/Newly separated/transitioning, Older Veterans (with extensive health issues such as chronic pain), Women Veterans.

## What is being done to combat Veteran suicide?

- VA working in multiple areas:
  - Improving access to care (within VA system & education, partnership with community resources & supportive organizations.)
  - Collaboration with Federal, State & Local government agencies (Governor's Challenge, DOD/VA Collaboration) & building community partnerships.
  - Lethal Means Safety (partnering with firearm community to support shared safety messaging & resources.)
  - Peer Support (Deploying suicide prevention education & training about resources for community agencies/organizations & developing a workforce of Peers with lived experience in health care organizations, adding peer support specialists to the Veterans Crisis Line.)
    - Resource Collaboration & collection (Statewide resources listings for Veteran-specific community resources via 211, various projects such as interactive online portal.)
    - Ongoing Research regarding at-risk populations to continuously improve strategies including awareness & intersectionality.
    - Expanding VA Suicide Prevention Team to improve services, enhance current roles & provide more comprehensive care & connections. (Community outreach-100% position).

## Disabled Veteran Tax Exemption Instructions

### Property Tax Deferral Program for Seniors and Active Military Personnel

The Property Tax Deferral program helps military personnel and seniors, many of whom live on a fixed income, continue to afford to living in their home by deferring the payment of their property taxes.

The State Treasurer's office makes tax payments directly to the county on behalf of the participant for the tax amount due. The loan is logged as a lien against the participant's property that does not have to be remitted until the participant no longer qualifies to defer their property taxes. [Click here for a list of outstanding loans by county.](#)

### Requirements for Eligibility

Applicant must be a senior who is 65 years or older or a person called into military service pursuant to CRS 39-3.5-101 (1.8), on January 1 of the year in which the person files a claim.

All prior years' property taxes must be paid.

Applicant must own and occupy the property as their primary residence. The property cannot be income-producing.

The total value of liens against the property (mortgages, deferrals, and/or deeds of trust) cannot exceed 100% of the assessed market value.

Mortgage lender agrees that the state's interest in the property would take priority over all other interests.

If a qualified applicant has a reverse mortgage, the property is only eligible for future deferrals if a subordination agreement from the mortgage lender is submitted with the application.

The deferral amount must be paid upon sale or transfer of the property. The deferral amount can also be paid any time prior to sale or transfer without affecting future eligibility.

### Procedure

Those who qualify must file an application with their respective county treasurer between January 1st and April 1st of each year.

Once approved, the county treasurer will issue a certificate of deferral to the property owner, keeping one copy on record and sending one copy to the state Treasurer's office. (Note: If property taxes are included in your mortgage payment, you should present a copy of your deferral certificate to the mortgage lender for a refund of the property tax monies held in escrow)

By April 30, the state Treasurer's office will pay the deferred amount to the county treasurer where the property is located.

The state Treasurer's office maintains an account for each tax-deferred property which accrues interest which is credited to the state's General Fund. Call the Treasurer's office for the current interest rate.

When the deferred amount is paid to the county treasurer upon sale or transfer of the property, that amount is then transmitted to the state Treasurer's office.

## Homeless Resources

### VA Programs For Homeless Veterans

VA's specialized programs for homeless Veterans serve hundreds of thousands of homeless and at-risk Veterans each year. Independently and in collaboration with federal and community partners, VA programs provide Veterans with housing solutions, employment opportunities, health care, justice- and reentry-related services and more.

### Supportive Services for Veteran Families (SSVF)

For very low-income Veterans, SSVF provides case management and supportive services to prevent the imminent loss of a Veteran's home or identify a new, more suitable housing situation for the individual and his or her family; or to rapidly re-house Veterans and their families who are homeless and might remain homeless without this assistance.

### Homeless Providers Grant and Per Diem (GPD) Program

State, local and tribal governments and nonprofits receive capital grants and per diem payments to develop and operate transitional housing—including short-stay bridge housing—and/or service centers for Veterans who are homeless.

### U.S. Department of Housing and Urban Development-VA Supportive Housing (HUD-VASH)

This collaborative program between HUD and VA combines HUD housing vouchers with VA supportive services to help Veterans who are homeless and their families find and sustain permanent housing. As of April 8, 2018, HUD has allocated more than 87,000 vouchers to help house Veterans across the country.

Through public housing authorities, HUD provides rental assistance vouchers for privately owned housing to Veterans who are eligible for VA health care services and are experiencing homelessness. VA case managers may connect these Veterans with support services such as health care, mental health treatment and substance use counseling to help them in their recovery process and with their ability to maintain housing in the community. Among VA homeless continuum of care programs, HUD-VASH enrolls the largest number and largest percentage of Veterans who have experienced long-term or repeated homelessness.

VETERAN TREATMENT COURT

LEGAL ASSISTANCE RESOURCES

## What is Veteran Treatment Court (VTC)?

The Veteran's treatment court model is based on drug treatment and/or mental health treatment courts. Substance abuse or mental health treatment is offered as an alternative to incarceration. Our mission is to reduce recidivism of Veterans who served in the armed forces, suffering from mental illness (including PTSD and/or TBI), and are involved in the criminal justice system. We promote public safety, ensure participant accountability, and improve quality of life for the justice involved Veterans and their families with a cost effective, integrated continuum of care through community resources. The VTC assists justice involved Veterans in achieving long-term stability to become law-abiding citizens, successful family and community members, and assist and support the Veterans recovery. Critical and proven success of VTC's are veterans who volunteer and serve as Mentors to justice-involved Veterans while in the VTC.

The Veteran Mentor acts as a coach, a guide, a role model, an advocate, and a support for the Veteran participant as they progress through the court process. This includes listening to concerns, making general suggestions, assisting the Veteran in determining his or her needs, and acting as a support for the Veteran, especially when he or she may be feeling isolated.

WarriorNOW.org is a non-profit in direct support of the Colorado VTC's. They recruit and train Veteran mentors, provide recreational therapies and pro-social activities to Veterans struggling with mental illness. They also provide support to the families afflicted.

ABOUT TRANSITION ASSISTANCE

50

TRANSITION ASSISTANCE  
RESOURCES

## About the Transition Assistance Program

### **Mission Statement**

To provide direction through the maze of programs available to veterans and connection to earned benefits with the compassion of someone who knows what it's like to transition from active duty.

### **Program Vision**

Transition assistance advisors were established in May 2005 when the Chief, National Guard Bureau, LTG H. Steven Blum signed a Memorandum of Agreement with the Department of Veterans Affairs. Their principal role is to provide direction to members of the Reserve Component so that they can secure all benefits, entitlements and services earned through their military service.

According to the National Defense Authorization Act 2013, transition assistance advisors “serve as points of contact to assist eligible members of the reserve components in accessing benefits and health care furnished under laws administered by the Secretary of Defense and benefits and health care furnished under the laws administered by the Secretary of Veterans Affairs” (Sec. 513), VOW Act and TAP. This support empowers members of the Reserve Component with the critical knowledge needed to take advantage of the programs and resources, effects of a career change, employment assistance, relocation assistance, education/training, physical and mental health well-being, health and life insurance, finances, disabled veteran benefits, legal assistance, and state and federal benefits available to them.

### **Transition Support**

Have you just returned from deployment? Do you have a service-related injury or health care issue? Perhaps you're about to retire from service and you're looking for someone to show you how to get back into the swing of civilian life. Getting to know your local transition assistance advisor means you'll have reliable, professional support whenever you need it, whatever the circumstance.

### **Your Benefits**

Transition assistance advisors maintain a large number of resources to help you and your family receive services to fulfill your specific needs. Discover what services, benefits and entitlements are available to you through the Department of Veterans Affairs.

### **Health Benefits and More**

VA Health

VA Benefits

If you need access to mental health care during your transition, the Department of Defense in Transition program provides free and confidential specialized coaching. This program is available to all active-duty service members, National Guard members, reservists, veterans and retirees regardless of length of service or discharge status.

## **HOW TO FILE A DISABILITY CLAIM**

### **How do I prepare before starting my application?**

Find out if you're eligible for VA disability compensation

Gather any evidence (supporting documents) you'll submit yourself when you file your VA disability claim. Be sure your claim is filled out completely and you have all the supporting documents ready to send in along with your claim. This will help us process your claim quickly.

Learn about fully developed claims

Find out if you'll need to turn in any additional forms with your claim

What evidence will I need to provide to support my claim?

### **You can help to support your VA disability claim by providing documents, such as:**

VA medical records and hospital records that relate to your claimed illnesses or injuries or that show your rated disability has gotten worse

Private medical records and hospital reports that relate to your claimed illnesses or injuries or that show your disability has gotten worse

Supporting statements you'd like to provide from family members, friends, clergy members, law enforcement personnel, or those you served with that can tell us more about your claimed condition and how and when it happened or how it got worse

Depending on the type of claim you file, you may gather supporting documents yourself, or you can ask for our help to gather evidence.

### **Find out what evidence we'll need for your claim:**

We'll also review your discharge papers (DD214 or other separation documents) and service treatment records.

Please note: You don't have to submit any evidence to support your claim, but we may need to schedule a claim exam so we can learn more about your condition.

You should also know that you have up to a year from the date we receive your claim to turn in any evidence. If you start your application and need time to gather more supporting documents, you can save your application and come back later to finish it. We'll recognize the date you started your application as your date of claim as long as you complete it within 365 days.

### **How do I file my claim?**

You can file your disability compensation claim online right now.

### **File a disability compensation claim**

You can also file a disability claim:

By mail

File your claim by mail using an Application for Disability Compensation and Related Compensation Benefits (VA Form 21-526EZ).

Download VA Form 21-526EZ (PDF)

Print the form, fill it out, and send it to this address:

### **Should I submit an intent to file form?**

If you plan to file for disability compensation using a paper form, you may want to submit an intent to file form first. This can give you the time you need to gather your evidence while avoiding a later potential start date (also called an effective date). When you notify us of your intent to file, you may be able to get retroactive payments (compensation that starts at a point in the past).

Note: You don't need to notify us of your intent to file if you file for disability compensation online. This is because your effective date gets set automatically when you start filling out your disability compensation form online—before you submit it.

### **Find out how to submit an intent to file form**

### **What happens after I file my VA disability claim?**

Find out what happens after you file

You don't need to do anything while you're waiting unless we send you a letter asking for more information. If we schedule exams for you, be sure not to miss them.

### **Check your VA claim status**

### **How long does it take VA to make a decision?**

142.8 days

## Veterans Memorial Cemetery

The Veterans Memorial Cemetery of Western Colorado was authorized by the Colorado Legislature in 1999 to honor Colorado veterans. Construction began in June, 2001 and was completed on September 4, 2002. The Cemetery officially opened on September 5, 2002. A total of three interments occurred on that day with the first being that of Aidan J. Quinn, a World War I veteran who was interred in Columbarium 1.

The Veterans Memorial Cemetery of Western Colorado is located on ~ 22.5 acres at 2830 Riverside Parkway, Grand Junction, Colorado, just east of the Grand Junction Regional Center. It has a capacity of 3,337 units, including 1,758 units for casketed remains and 1,579 units for cremated remains (of which 861 are columbarium wall niches). Additionally, there are 775 memorial garden plots available for veterans whose remains were not recovered or were donated to science or are otherwise unavailable for interment.

The Veterans Memorial Cemetery of Western Colorado is intended to be a dignified final resting place for Colorado.

There are memorial walks on either side of the creek running northeast to southwest through the Cemetery. These walks pass by each of the five columbaria in front of which are benches for visitors.

There are landscaped areas for in-ground interments that are characterized by thoughtful placement of trees, shrubs, and other plantings. These areas provide additional places for individual reflection.

The Veterans Memorial Cemetery of Western Colorado conveys the appreciation of the people of Colorado to its veterans for answering the call of duty and faithfully and honorably serving the United States of America and the State of Colorado.

Eligibility for burial in the cemetery is the same as for Department of Veterans Affairs (VA) national cemeteries but includes a residency requirement.

The Veterans Memorial Cemetery of Western Colorado is open from dawn to dusk seven days a week.

Administration office hours are 8:00 AM to 4:30 PM Monday through Friday except for State holidays.

### **Costs**

There is NO CHARGE for interment in the Veterans Memorial Cemetery of Western Colorado. A gravesite or niche, opening and closing of the gravesite or niche, an upright granite headstone or granite niche marker with authorized inscription(s), concrete vault (grave liner) for most casketed remains, use of Committal Shelter and/or Visitors Center, and perpetual care are provided at no expense to the next-of-kin.

A grave liner (vault, crypt) is a concrete container within a gravesite in which the casket is placed. It is provided at no cost, except in conventional gravesite areas, and is used to reduce the amount of grave sinkage subsequent to interment. Grave liners are neither sealed nor watertight.

Cremated remains are buried or inurned in the Veterans Memorial Cemetery of Western Colorado in the same manner and with the same honors as casketed remains.

### **Burial Flag**

A United States flag is provided, at no cost, to drape the casket or accompany the urn of a deceased veteran who served honorably in the United States Armed Forces. It is normally furnished through a funeral services provider to honor the memory of a veteran.

Eligibility for Former Members of Selected Reserve was added by Section 571 of Public Law 105-261.

Generally, the flag is given to the next-of-kin, as a keepsake, after its use during the funeral service. When

there is no next-of-kin, the flag may be provided to a friend making a request for it. Families may wish to donate the burial flag to the Veterans Memorial Cemetery of Western Colorado to be flown on patriotic holidays.

Application for a burial flag may be made by completing VA Form 21-2008 (90-2008), Application for United States Flag for Burial Purposes. Flags may be obtained at any VA regional office or United States Post Office. Generally, the funeral director will help with this. Upon request, Cemetery staff can assist with an application as well.

The law allows only one flag to be issued for a veteran.

### **Presidential Memorial Certificate**

A Presidential Memorial Certificate (PMC) is a gold embossed paper certificate inscribed with the veteran's name and signed by the President commemorating the veteran's service.

Presidential Memorial Certificate Request Form

FAX: The request and all supporting documents should be faxed to (202) 565-8054.

MAIL: The request and all supporting documents should be sent to:

**Department of Veterans Affairs**

810 Vermont Avenue, NW

Washington, DC 20420-0001

Cemetery staff can assist with this process upon request.

## **Fort Logan National Cemetery**

### **Eligibility**

Burial in a national cemetery is open to all members of the armed forces who have met a minimum active duty service requirement and were discharged under conditions other than dishonorable. A Veteran's spouse, widow or widower, minor dependent children, and under certain conditions, unmarried adult children with disabilities may also be eligible for burial. Eligible spouses and children may be buried even if they predecease the Veteran. Members of the reserve components of the armed forces who die while on active duty or who die while on training duty, or were eligible for retired pay, may also be eligible for burial. For more information visit our eligibility web page.

### **Hours**

Office Hours: Monday thru Friday 8:00 a.m. to 4:30 p.m.

Closed federal holidays except Memorial Day.

Visitation Hours: Open daily from sunrise to sunset.

### **To Schedule A Burial**

Fax all discharge documentation to the National Cemetery Scheduling Office at 1-866-900-6417 and follow-up with a phone call to 1-800-535-1117.

For information on scheduled burials in our national cemeteries, please go to the Daily Burial Schedule.

Contact the Veteran Service Officer (VSO) for your County:

The VSO can be reached, by telephone, at (970) 249-2115 or (970) 765-2210.

Walk-in visits are encouraged, but it is better to call ahead for an appointment. You may also call the front desk at Warrior Resource Center at (970) 765-2210 for additional information.

Information may also be obtained from Health and Human Services, 851 Main, Nucla CO 81424, (970) 864 -7319

The position of VSO is mandated by the Federal Government to ensure you get the benefits you deserve. There is a VSO representing every county in Colorado.

The purpose of this position is to familiarize you with your benefits, assist with the application process, and advocate for you, as necessary, to acquire benefits.

### **Who do we serve?**

Eligibility for most VA benefits is based upon discharge from active military service, under OTHER than dishonorable conditions. Active service means full-time service, other than active duty for training, as a member of the Army, Navy, Air Force, Marine Corps, Coast Guard, or as a commissioned officer of the Public Health Service, Environmental Science Services Administration, or National Oceanic and Atmospheric Administration, or its predecessor, the Coast and Geodetic Survey as well as National Guard and Reserve. Illness or Injury that was caused by, or previous illness or injury that was aggravated by, your service may still be considered even if you may not meet the above guidelines.

### **What verification do I need?**

A copy of your service discharge form (DD 214 or DD 215 or, for WW II Vets: a WD Form).

### **Are there fees for the service?**

The County Veteran Service Officer does not charge fees for familiarizing you with your benefits, assisting with the application process, or advocating for you, as necessary.
